

DOUGLASTON CONCERTS

FIRST SUNDAY SERIES

Quintet of the Americas

Blair McMillen, Piano

Since its beginning in 1976, **QUINTET OF THE AMERICAS** has been recognized as a leading ensemble in the interpretation of contemporary and folk-inspired wind quintet music of the Western Hemisphere. The New York Times said “the Quintet played splendidly, full of life, balancing voices with care, confident in its sense of togetherness,” and The Washington Post called their performances “musical dialogue at the highest level.” This concert will feature the Mozart Piano Quintet and a work by Douglaston composer **JAMES COHN**.

Recently profiled in a front-page New York Times article and praised for his “riveting” and “prodigiously accomplished and exciting” performances, **BLAIR McMILLEN** has established himself as one of today’s most adventurous and sought-after young pianists.
